

NORRIS'

CHICAGO DIRECTORY.

REMARKS.—It has been the design to include in this Directory the names of all persons and all firms in the City, to arrange them alphabetically; and in every instance to give the correct spelling. There may be cases however, where names may have been accidentally inserted in the wrong connection, and cases also of incorrect orthography—particularly where persons have been unable to spell, and the name has been written from the sound. Abbreviations, which occur only in a very few words, will readily be understood; b stands for between; Rand for Randolph; Mad for Madison; Wash for Washington, &c. The word street, in some instances, is omitted. The place of business uniformly precedes the residence.

Immediate measures will be taken to procure the names of all persons who have been accidentally omitted in this volume; a complete list, corrected from time to time, will be kept at the General Intelligence Office, where the public can at all times get correct information in regard to the names, business, and residence of every inhabitant of the City. Persons finding themselves excluded, and persons coming to the City hereafter, are requested to call at the above place and have their names enrolled.

Very few of our buildings are numbered, the necessity, however, of this can be avoided, if persons occupying buildings permanently, will put themselves to the trifling trouble and expense of putting their names on their doors.
