ADDENDA,

Containing the names of persons accidentally omitted above, and names handed in too late for insertion in the body of the Directory. The compiler cannot flatter himself that all omissions have been discovered in time to supply the deficiency by insertion in the addenda; but he trusts that the public will take such interest in the work as to report to him, as soon as detected, all names excluded from this edition; and also cases where names are incorrectly given—cases of misdescription of business or residence, and all changes and removals which may hereafter take place.
